

ALL of ELSEVIER at HALF PRICE!*

ELSEVIER

A Special Offer on Elsevier eBook Subject Collections

Coutts Information Services, MyiLibrary and Elsevier have partnered to offer an extensive collection from the Elsevier eBook list at special prices for a limited period. Separate packages are available in eighteen subject areas. Or you can choose to take advantage of this offer to acquire multiple collections or the whole list for more comprehensive title coverage.

All titles are available on **dual platform access**, MyiLibrary and Science Direct!

The Collections...

- Agricultural and Biological Sciences - 186 books
- Biochemistry, Genetics and Molecular Biology - 248 books
- Chemical Engineering - 315 books
- Chemistry - 270 books
- Computer Science - 466 books
- Earth and Planetary Sciences - 215 books
- Energy - 32 books
- Engineering - 834 books
- Environmental Science - 89 books
- Immunology and Microbiology - 109 books
- Materials Sciences - 171 books
- Mathematics - 180 books
- Medicine and Dentistry - 65 books
- Neuroscience - 101 books
- Pharmacology, Toxicology and Pharmaceutical Science - 63 books
- Physics and Astronomy - 90 books
- Psychology - 178 books
- Veterinary Science and Veterinary Medicine - 18 books

*The half price offer is based on the multi-user access price and the institution's FTE. Offer ends December 2007.

Why buy now?

If you are looking to expand or supplement your eBook collection, or want to create a firm foundation for future development, this opportunity allows you to buy eBooks with confidence from one of the world's leading STM publishers at a greatly reduced one-time cost.

Why buy from Coutts?

The deal represents excellent value, negotiated on your behalf by Coutts and MyiLibrary.

Coutts provides you with a single point of interface for all future eBook acquisitions on the MyiLibrary platform.

Ongoing new title alerts within your subject areas through Coutts new title slip plans.

The MyiLibrary eBook platform offers:

- integration of content across all publishers
- ongoing single title acquisition
- full text searching
- user specific features including bookmarking and notes
- view by page
- Endnotes and RefWorks compatible
- ILS compatible via MARC records
- COUNTER compliant usage statistics
- locally hosted content option available

Free MARC record supply

Full support and training from Coutts experienced sales, technical and collection development advisers.

Dual platform access

By agreement with Elsevier and MyiLibrary, you will have the option of accessing the collections through the Science Direct platform as well as the MyiLibrary platform. The Science Direct platform route will allow you to search eBook content along with your Elsevier journal content on the same platform. MyiLibrary will allow you to aggregate all of your eBook content into a single search interface for simplicity of search results and content retrieval.
